## Omni Boston Hotel at the Seaport

Friday, September 25, 2026  
6:30 pm

**Una Noche de Milagros para Niños** (*A Night of Miracles for Children*) unites community leaders, businesses and supporters with a shared passion: to help Latino kids fight illness. Join us to dine, dance and raise funds to create healthy futures for kids around the world. Let's make milagros together!

### **Be a lifeline for families**

Raise funds and awareness to help Spanish- and Portuguese-speaking kids find lifesaving answers at Boston Children's Hospital. Milagros para Niños provides everything from expert medical care to housing, emergency funds and counseling to help families stay strong.

### **Celebrate with our world-wide community**

Milagros para Niños helps make Boston Children's a place of hope and healing, where children from 100 countries and every state come for care they can't find elsewhere. Funding also provides visiting observerships, where clinicians learn lifesaving innovations and best practices to bring back home.

### **Make the impossible, possible**

Thanks to philanthropy, the hospital can offer essential services to an underserved community. Milagros para Niños supports the Boston Children's Hospital Primary Care Center, Global Services, the Martha Eliot Health Center, the Hale Family Center for Families and the Social Work Fund.
